

Hello Wolf Lake Family,

I am Nicholas Hughes the new music teacher at our beautiful school Wolf Lake Elementary. I cannot wait to get started to help students become better musicians and better people! I have been impressed with all interactions from those working at the school with everyone treating me with respect and kindness. As a new teacher, I have already felt so welcome.

I am very excited to make amazing music and to see the development of the students throughout the year. I am also looking forward to collaborating with other teachers and learning from their experiences.

My teaching philosophy is one of positivity and encouragement. I always will strive to make the students feel valued and cared for in the classroom. Wherever the students are in their music achievements, I would love to build upon it and congratulate them on all their successes as well.

Let's all have a wonderful 2023 to 2024 school year! Go Wolves!

Sincerely,  
Nicholas Hughes
