

Welcome to Mrs. Green's Second Grade Class!

Let me begin by introducing myself. I graduated from UCF with a Master's degree in Elementary Education. During the last 21 years I have taught in the Science Lab, second, fourth and fifth grades. My husband and I have a business in the Apopka area and have raised our four children here. We love football (I am a die-hard Pittsburgh Steeler and UCF Knight fan), and Supercross. In our free time we like to be on the water, camping with our 3 dogs, listening to music and chasing our grandchildren.

We will be seeking to build a class family where everyone is cared for, supported, and challenged to grow to the fullest. You chose the Face to Face model for the beginning of the schoolyear and that will be important as we work together to build our class family. Students will work together to make learning successful for all. This includes opportunities for deeper thinking and discussions in partnerships, small groups, and whole group. In these discussions, students will be encouraged to explain their thinking and respect each other's point of view. Please know that I will keep your child's health and safety in mind as I plan for these experiences.

The end of last schoolyear was unique. The beginning of this schoolyear will require all of us to adjust to many changes. It will be important for us to work as a team to make the beginning of the year as successful as possible for your second grader. We won't be doing our usual Meet the Teacher this year, but I want to make myself available to you on Friday, August 7th if you would like to do a virtual meeting. On a regular basis I am available at the email listed below or through the ClassDojo app. If you haven't used ClassDojo before please take a moment to download the app. I will be providing you sign up information soon.

As summer comes to a close, I hope you can make those last few special memories. Get rested up! Reread the best book you read this summer! Practice those addition and subtraction facts! Second grade will move fast and I am so glad that you will be there with me.

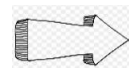

Warmly,

Mrs. Laura Green
