

Welcome To Third Grade!

This year, your child will be departmentalizing, meaning that they will have two teachers for their core subjects. They will switch classes for Reading/Writing, and for Math/Science each day. We are excited about this opportunity to enhance your child's learning.

A little about me.... My name is Mrs. Annie Ortiz, I have been teaching for 16 years, 13 of which have been at Rock Springs Elementary. This will be my first year at WLE. I have taught 4th grade, 3rd grade, 1st grade, and students in the Autism spectrum. I have a master's degree in education, and a Bachelor's degree in Communicative Sciences and Disorders. I graduated from UCF, GO KNIGHTS!

I have a loving husband, a 9-year-old daughter, Isabella (4th grade) as well as a 20-year-old son (starting his third year in college). My hobbies include visiting theme parks, going to the beach, cooking, and traveling. I am very excited to try some different approaches to learning and cannot wait to get this year started!

Love,

Annie Ortiz
