

Welcome to Ms. diMonda's Class!

I am so happy that you get to be in my class this year! I hope you're ready to learn and explore as we take on the role of scientists, authors, mathematicians, historians, and more.

Here are some things to expect in second grade:

Homework

We will have homework every week consisting of "heart" words (our sight words for the week), math workbook pages, and a comprehension passage. Homework will be given on Monday and due Friday.

Communication

Communication is key to a successful school year! All updates, reminders, and messages will happen through the app "Class Dojo." If you don't have this app already, please download it so that you can stay in the loop! You can also access Class Dojo through their website on a desktop computer.

Grading

This will be your child's first year receiving 'letter' grades ranging from A - F. The grades are as follows:

90 - 100 A

80 - 89 B

70 - 79 C

60 - 69 D

0 - 59 F

Assignments that have been graded will be uploaded to Skyward.

About Me

So who is your teacher?

Outside of the classroom, you'll find me going on a run, eating at Chipotle, or shopping at Target. I love all things mint green. I am a proud cat mama. But above all else, I LOVE teaching and learning!
